

No. 2467-79 TOSCANA ALABASTER PENDANT

Natural alabaster stone slices accented with brass chain and canopy hanging kit. Alabaster is sourced from a rare mineral created from a metamorphic rock formation process. The white smoke color is natural and may slightly vary piece by piece. Suitable for damp location with no direct water contact. Simple assembly is required. Professional installation recommended.

Overall Dimensions: 10"sq x 9.25"h

💧 Suitable For Damp Locations
